## MEXICO TIRED WAITING FOR THE DAM: WANTS A DEFINITE

Will Insist That the United States Fix a Date for Beginning the Delivery of the Water.

Mexico, through its state department, and ambassador De la Barra, who is at Washington, will request that a specific time stipulation be added to the treaty by which the United States is to control the flow of the Rio Grande, the clause to state definitely when the work on the Elephant Butte project will be com-pleted and ready for use by the ranchers on the American and Mexican side.

This information was given to the officers of the Water Users' association and to mayor Sweeney, Monday, by mayor Portillos, of Juarez, acting for the state department of the republic.

The information that the department of state of Mexico had taken the matter up with the intention of urging immediate action was contained in a series of messages and letters which have been exchanged between the Mexican and American state departments. With this definite time stipulation in the treaty, TUCSON ENGOUTRAGES the immediate completion of the project SOUTHWESTER is assured, according to the Water Users'

Ballinger Heard From. Assurances have also been received from secretary R. A. Ballinger, of the Interior department, that the matter of issuing an order for the work on the dam to proceed would receive immediate attention by him. This was contained in a letter in reply to a telegram sent him by Felix Martinez of the Water Users' association. The letter which was received from secretary Ballinger the chairman's telegram

the president between Monday and Wednesday to discuss the entire situation. In his message Mr. Burges also stated that the department of state, the department of Justice, and the department of the interior are all interested in the condemnation case for the reason that the case involves each of these de partments. The state department is intensely interested because it involves relations with the republic of Mexico. treaty to fulfill its obligations to the republic of Mexico. The department justice is viewing the legal phase of the condemnation proceedings in order that any action which may be taken will be legal. The department of the interior is vitally interested, as the project is under this department and the payment of the condemnation
